Introduction

FAES strives to provide the best and most flexible plan offerings to its plan members. We consider the investment we make in our benefit offerings as an investment in the health and well-being of our plan participants and their eligible dependents. Please take the time to review this guide in its entirety to see the array of benefits available to you and your dependents.

What should I know for 2020-2021?

- Effective November 1, 2020, FAES will offer **dental and vision** coverage through MetLife at **no monthly premium cost** to plan participants
- Your medical and pharmacy coverage will remain the same – insured through Trustmark with Aetna's network

Eligibility and Enrollment

Eligibility

Participation in the plan is available to NIH paid trainees who work at least 30 hours per week or any entity that directly supports NIH stipend-paid trainees at NIH facilities.

Your dependents generally include:

- A spouse to whom you are legally married;
- A dependent child under age 26 (including children, stepchildren and legally adopted children);
- A disabled dependent child over the age of 26

FAES requires all newly eligible participants electing spouse and/or dependent children coverage under our group insurance plans to provide proof of relationship eligibility before coverage can take effect.

Acceptable documentation to confirm spouse and dependent children eligibility includes any of the following as applicable to the dependent relationship being verified:

- Birth Certificate
- Marriage Certificate
- Adoption or legal guardianship document/proof
- Qualified Medical Child Support Order (QMCSO or National Medical Support Notice (NMSN)
- Written divorce settlement, separation agreement, court or administrative process order assigning legal responsibility of the employee for the welfare of the applicable dependent

What Steps Should I Take to Enroll?

- 1. It's time to enroll.** You have 30 days from the date you're hired to enroll in our health insurance plan. Coverage will begin on your award start date. If you do not enroll within 30 days of your start date, you may do so during the Open Enrollment period, usually held during the month of September. Coverage for those who enroll during the Open Enrollment period will begin on November 1st of the same year.
- 2. Determine which (if any) family members you want to include on your plan.** Spouses, dependent children (through their 26th birthday), and disabled dependent children over the age of 26 are all eligible to be included on your plan.
- 3. Provide FAES with NIH Fellowship Activation Forms** obtained from your Administrative Officer (AO). The forms must be signed by your sponsor. FAES requires pages 1, 2 and 3 of the 6 pages of the NIH Fellowship Activation forms.
- 4. Complete the FAES Election Form.** The form can be downloaded [here](#).
- 5. Email or fax** the completed NIH Fellowship Activation Form and completed FAES Election Form to FAES Insurance
E-mail: FAESinsurance@mail.nih.gov
Secure Fax: 301- 480-3585
- 6. Enjoy your coverage!** If you have any questions or need help completing these steps, please contact us.

Please email all necessary documents for new enrollment, renewals, changes or terminations to FAESinsurance@mail.nih.gov.

Changing Your Elections

When Can I Make Changes to my Benefits?

It is very important to consider your choices carefully before you make your benefits elections. Open Enrollment occurs once each calendar year and you may change your benefit elections during the Open Enrollment period. Once you have made your selection, you may not change benefit elections until the next Open Enrollment, unless you have a Qualifying Life Event during the year.

Qualifying Life Events include:

- Marriage, divorce or legal separation
- Adding a dependent child through birth, adoption or court-ordered custody
- Death of a spouse or child
- Change in your work schedule affecting benefits, i.e. full-time to part-time or part-time to full-time
- Your dependent loses eligibility for coverage
- Your spouse loses health coverage through his/her employer

Note: For additional information and guidelines about qualified events, visit: www.IRS.gov.

If you experience any of the above Qualifying Life Events, you have **30 days** to notify the FAES Insurance Department. Otherwise, elections you make during Open Enrollment will remain in effect for the entire plan year.

What if I am having a baby?

In order to change your benefit elections to include coverage upon birth of your new child, you will need to complete a few steps.

- First, you will need to complete the FAES change [form](#) within 30 days of the birth of your child.
- You will need to provide proof of live birth – this can be a live birth letter or discharge paperwork stating the date of birth of your child.
 - You will need to provide your child's birth certificate and Social Security Number at a later date since these may take more than thirty days to obtain.
 - Upon receipt of your child's birth certificate and Social Security Number, please provide to the FAES Insurance Department
 - If the arrival of your new child will be changing your coverage from individual to family coverage, FAES will need updated fellowship activation forms.
 - The effective date of change will be the date of birth of your new child
 - You will need to sign the paperwork, and obtain the signature of your fellowship sponsor

*Paperwork must be completed and turned into the FAES Insurance Department within **30 days** of the birth of your child.*

In-Network vs. Out-of-Network

Using in-network providers will be the most cost-effective option for you and your eligible dependents. Your health care expenses will be more predictable because in-network providers have agreed to negotiated rates (referred to as allowed benefit) with the insurance company. Your health care expenses are based on copayments and coinsurance of those negotiated rates; a deductible (\$125 for individual and \$250 for family) will apply to certain health care services.

On the other hand, out-of-network providers have not agreed to negotiated rates (allowed benefit amount) and their costs for services can vary and be much higher than in-network costs. When you visit an out-of-network provider, you will be responsible for the out-of-network deductible (\$400 for individual and \$800 for family) and you will then pay a 30% coinsurance of the allowed benefit. If the provider's charge for the service is more than the allowed benefit, the provider may bill you for the remainder of the cost, known as balance bill. See the example below to help understand the impact of using in-network versus out-of-network providers.

Example of Surgery Costs	In-Network Provider	Out-of-Network Provider
ACL Tear Repair Surgery Cost	\$9,000 (Allowed Benefit)	\$10,000
Member Deductible Responsibility (Individual Level)	\$125	\$400
Remaining Event Exposure	\$8,875	\$9,600 <i>(\$600 above Allowed Benefit)</i>
Member Coinsurance Responsibility (percentage of the remaining expense after Deductible, capped by the Out of Pocket Maximum)	\$8,875 x 5% coinsurance = \$443.75	\$9,000* x 30% coinsurance = \$2,700.00 <i>*Allowed Benefit</i>
Total Member Responsibility	\$568.75	\$3,100.00
Important Note***	The plan covers ALL remaining expenses after the member responsibility for this specific surgery. The total member responsibility amount counts towards the annual out-of-pocket maximum.	The provider can balance bill the member for the \$600 above the allowed benefit amount. The balance bill amount does not count towards the out-of-pocket maximum.

Note: The information provided is only a partial, general description of plan benefits and does not constitute a contract. In case of a conflict between your plan documents and this information, the plan documents will govern.

Making the Right Healthcare Choice

Choosing the right setting for your care (from allergies to X-rays) is key to getting the best treatment with the lowest out-of-pocket costs to you and your family. It is important to understand your options so you can make the best decisions when you or your family member need care.

Primary Care Provider (PCP)

Establishing a relationship with a primary care provider is the best way to receive consistent, quality care. Except for emergencies, your PCP should be your first call when you require medical attention. Your PCP may be able to provide advice over the phone or for you in for a first visit right away.

Convenience Care Centers (Retail Health Clinics)

These are typically located inside a pharmacy or retail store (like CVS MinuteClinic or Walgreens Healthcare Clinic) and offer accessible care with extended hours. Visit a convenience care center for help with minor concerns like cold symptoms, ear infections, minor scrapes or bruises.

Urgent Care Centers

Urgent Care Centers (such as Patient First or ExpressCare) have a doctor on staff and are another option when you need care on weekends or after hours. They are a great resource for routine illnesses but also for broken bones, stitches, and other more serious concerns that your PCP and Convenience Care cannot assist with.

Emergency Room (ER)

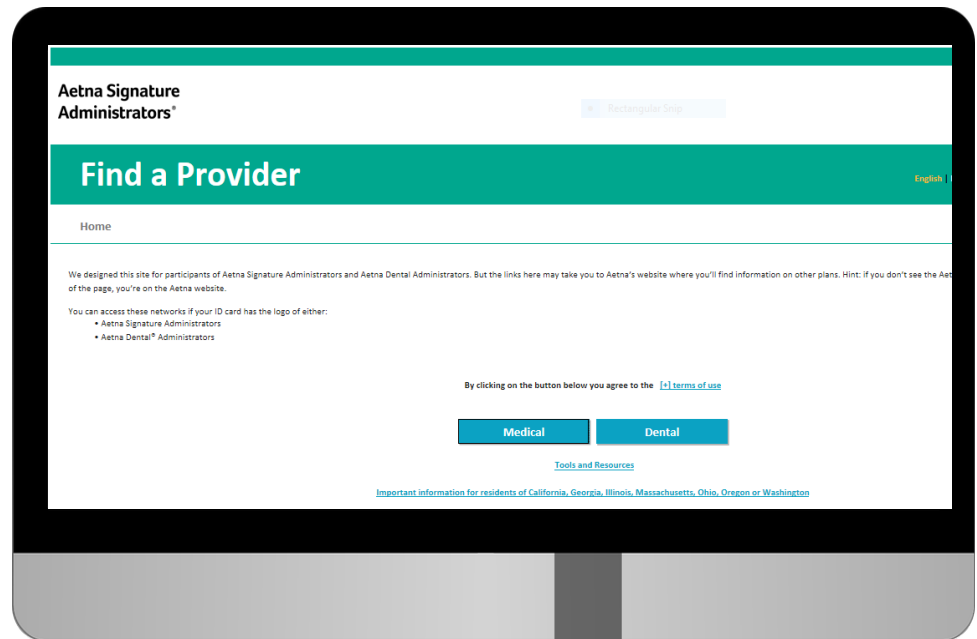

An emergency room provides treatment for acute illnesses and trauma. You should call 911 or go straight to the ER if you have a life-threatening injury, illness, or emergency. This service is best for heart attacks, major broken bones, severe bleeding, etc.

Site	Average Cost	Your Cost	Services
PCP	\$105	\$15 copay	Main point of contact for all issues. Use them as the first resort except in life-threatening emergencies.
Convenience Care	\$73	\$25 copay	Coughs, colds, pink eye, ear infection, immunizations. Extended hours from Dr. office.
Urgent Care	\$175	\$25 copay	Sprains, strains, minor broken bones, x-rays, stitches, burns, etc. Open nights and weekends.
Emergency Room	\$1,233	\$125 copay	Chest pain, difficulty breathing, major bleeding.

How to Find a Provider

Aetna Signature Administrators[®] PPO By aetnaSM

Aetna Signature Administrator's (ASA) DocFind[®] online provider directory lets you search for doctors and behavioral health practitioners. Search by name, gender, specialty, languages spoken, hospital and medical group affiliation and location.

Narrow your search by name, group, specialty, languages spoken, gender, hospital affiliation and/or other criteria

www.aetna.com/ASA

HOW TO NARROW YOUR SEARCH

Name: In the "Search by Name" tab, type the name of the doctor or behavioral health practitioner you want.

Group/IPA name: In the "Advanced Search" tab, select "Medical Group/IPA California" under "Search for." Type in the name of the group or IPA.

Specialty: In the "Search by Location" tab, select "Medical Specialists" under "Search for," then select the specialty type under "Type." You can find other specialties under "More Specialties"

Behavioral Health Practitioners: select "Behavioral Health Professionals" under "Search for." Use the drop-down list under "Type" to select the provider type or discipline.

Languages the doctor or behavioral health practitioner speaks: On the "Advanced Search" tab, select one of the languages from the "Language" drop-down box.

Gender: On the "Advanced Search" tab, under the "Gender" drop-down box, select "Female," "Male" or "All Genders."

Hospital affiliation: On the "Advanced Search" tab, select the hospital you want the provider to be affiliated with under the "Hospital Affiliation" drop-down box.

Filing a Claim

Notice of Claim

A claim for benefits should be submitted to the **claims processor** within ninety (90) calendar days after the occurrence or commencement of any services by the **provider**, or as soon thereafter as reasonably possible.

Failure to file a claim within the time provided shall not invalidate or reduce a claim for benefits if: (1) it was not reasonably possible to file a claim within that time; and (2) that such claim was furnished as soon as possible, but no later than twelve (12) months after the loss occurs or commences, unless the claimant is legally incapacitated.

Notice given by or on behalf of a **covered person** or his beneficiary, if any, to the **plan administrator** or to any authorized agent of the **Plan**, with information sufficient to identify the **covered person**, shall be deemed notice of claim.

How Can I Review a Denied Claim?

You may request a review of a denied claim by making a written request to the Named Fiduciary within 180 calendar days from receipt of a notice of denial, include the reasons you feel the claim should not have been denied along with any additional information and comments relevant to the claim. You are entitled to receive, upon request and free of charge, copies of all documents relevant to the denial including: any internal guideline or similar criterion that was relied on in making the determination; and an explanation of any scientific or clinical judgment on which any medical necessity conducted by individuals who made the original determination or their subordinates. You will be notified of the decision within a reasonable period of time but not later than 60 days after the plan receives your request for review. If your claim is denied on appeal, you have the right to bring a civil action for benefits under Section 502(a) of ERISA. Please see your Plan Document/Summary Plan Description for further details.

Stop Health Care Fraud: If you suspect fraud, call Trustmark's Fraud Hotline 877-45-FRAUD.

Documentation for pending or denied claims should be submitted via **Trustmark's Secure Fax Line 877-247-0022 which goes directly to the Trustmark claims department.**

How Do I Get Pre-Authorization?

Health Care Management

Health care management is the process of evaluating whether proposed services, supplies or treatments are **medically necessary** and appropriate to help ensure quality, cost-effective care.

Certification of **medical necessity** and appropriateness by the **Health Care Management Organization** does not establish eligibility under the **Plan** nor guarantee benefits.

For non-urgent care, the **covered person** (or their authorized representative) must call the **Health Care Management Organization** at least fifteen (15) calendar days prior to initiation of services. If the **Health Care Management Organization** is not called at least fifteen (15) calendar days prior to initiation of services for non-urgent care, benefits may be reduced. For **urgent care**, the **covered person** (or their authorized representative) must call the **Health Care Management Organization** within forty-eight (48) hours or the next business day, whichever is later, after the initiation of services. Please note that if the **covered person** needs medical care that would be considered as **urgent care**, then there is no requirement that the **Plan** be contacted for approval prior to the care.

Filing A Pre-certification Claim

This pre-certification provision will be waived by the **Health Care Management Organization** if the **covered expense** is rendered/provided outside of the continental United States of America or any U.S. Commonwealth, Territory or Possession.

All **inpatient** admissions, partial hospitalizations, **home health care** (excluding supplies and **durable medical equipment**), and **hospice** care are to be certified by the **Health Care Management Organization**.

Covered persons shall contact the
**Health Care Management
Organization** by calling:

Creating a MetLife Account

How do I register on MyBenefits?

MyBenefits provides you with a personalized, integrated, and secure view of your MetLife-delivered benefits. You can take advantage of a number of self-service capabilities as well as a wealth of easy to access information. As a first-time user, you will need to register on MyBenefits, by following the steps outlined below.

Step 1: Provide your group name

Access MyBenefits at www.metlife.com/mybenefits and enter the employer name and click to select it and then click **'Next.'**

Step 2: The login screen

On the Home Page, you can access general information. To begin accessing personal plan information, click on **'Log In'** at the top-middle of the page and on the next screen select **'Create New Account'** and complete the registration process. Going forward, you will be able to log-in directly.

www.Metlife.com/mybenefits

Step 3: Enter authentication information

Begin by entering your phone number, address, and e-mail to confirm your identity. You will then receive a code via email that you will need to enter to continue the registration process. Upon validation, you will be prompted to provide your SSN, first and last name, and date of birth.

Step 4: Establish account credentials

You will need to create a unique user name and password for future access to MyBenefits. You will also need to choose and answer three identity verifications questions, to be used in the event you forget your password. In addition to reading and agreeing to the website's Terms of Use, you will be asked to opt into electronic consent.

Step 5: Process complete

Now you will be brought to the "Thank You" page.

Lastly, a confirmation of your registration will be sent to the email address you provided during registration.

Continuation of Health Coverage

You must notify FAES within 30 days of the following qualifying event:

- divorce or legal separation
- death of an employee
- dependent child's loss of dependent status

When any covered member loses health insurance coverage based on a termination of employment or the occurrence of other qualifying events, the member will be eligible to elect continuation of coverage. Once your termination of health insurance coverage is processed you will receive a continuation of coverage packet in mail from BRI. You will have 60 days to elect continuation of coverage. Once continuation of coverage is elected your coverage is retroactive to the date you lost coverage. There will be no lapse in coverage. Please contact a FAES insurance representative for additional information on pricing regarding continuation of coverage.

Each individual who is covered by the health plan immediately preceding the member's qualifying event has independent election rights to continue his or her medical or vision coverage. The right to continuation of coverage ends at the earliest of when:

- you, your spouse or dependents become covered under another group health plan: or,
- you become entitled to Medicare: or,
- you fail to pay the cost of coverage: or,
- your Continuation Period expires.

Please contact a FAES insurance representative for additional information regarding continuation of coverage.

Commonly Used Terms

Allowable charge — sometimes known as the "allowed amount," or network negotiated amount, this is the dollar amount considered by a health insurance company to be a reasonable charge for services or supplies based on the rates in your area.

Benefit — the amount payable by the insurance company to a plan member for medical costs.

Coinsurance — the amount you pay to share the cost of covered services after your deductible has been paid. The coinsurance rate is usually a percentage. For example, if the insurance company pays 80% of the claim, you pay 20%.

Coordination of benefits — a system used in group health plans to eliminate duplication of benefits when you are covered under more than one group plan. Benefits under the two plans usually are limited to no more than 100% of the claim.

Copayment — one of the ways you share in your medical costs. You pay a flat fee for certain medical expenses (e.g., \$15 for every visit to the doctor), while your insurance company pays the rest.

Deductible — the amount of money you must pay each year to cover eligible medical expenses before your insurance policy starts paying.

Dependent — any individual, spouse or child, which is covered by the primary insured member's plan.

Exclusion or limitation — any specific situation, condition, or treatment that a health insurance plan does not cover.

In-network provider — a health care professional, hospital, or pharmacy that is part of a health plan's network of preferred providers. You will generally pay less for services received from in-network providers due to negotiated discounts for services in exchange for the insurance company sending more patients their way.

Medicare — the federal health insurance program that provides health benefits to Americans age 65 and older. Signed into law on July 30, 1965, the program was first available to beneficiaries on July 1, 1966 and later expanded to include disabled people under 65 and people with certain medical conditions. Medicare has two parts; Part A, which covers hospital services, and Part B, which covers doctor services.

Network — the group of doctors, hospitals, and other health care providers that insurance companies contract with to provide services at discounted rates. You will generally pay less for services received from providers in your network.

Out-of-network provider — a health care professional, hospital, or pharmacy that is not part of a health plan's network of preferred providers. You will generally pay more for services received from out-of-network providers.

Out-of-pocket maximum — the most money you will pay during a year for coverage. It includes deductibles, copayments, and coinsurance, but is in addition to your regular premiums. Beyond this amount, the insurance company will pay all eligible expenses for the remainder of the year.

Preferred provider organization (PPO) — a health insurance plan that offers greater freedom of choice than HMO (health maintenance organization) plans. Members of PPOs are free to receive care from both in-network or out-of-network (non-preferred) providers, but will receive the highest level of benefits when they use providers inside the network.

Provider — any person (i.e., doctor, nurse, dentist) or institution (i.e., hospital or clinic) that is licensed to provide medical care.

Waiting period — the period of time that an employer makes a new Employee wait before he or she becomes eligible for coverage under the company's health plan. Also, the period of time beginning with a policy's effective date during which a health plan may not pay benefits for certain pre-existing conditions

Annual Notices

Right to Rescind Coverage PPACA requires group health plans to provide notice 30 days prior of group health plan termination. The rules prohibit rescissions except in very limited situations such as employees who commit fraud or make intentional misrepresentations. For example, if plan documents require employees enrolling family members to assert that these individuals meet plan eligibility requirements and to immediately notify the employer if their status changes, rescission might be possible for an employee who intentionally misrepresented marital status to obtain coverage for a friend. Prospective terminations of coverage and retroactive terminations for failure to pay premiums or contributions are not rescissions.

FAES Group Health Plan the privacy rules under the Health Insurance Portability and Accountability Act (HIPAA) require the Group Health Plan (the “Plan”) to periodically send a reminder to participants about the availability of the Plan’s Privacy Notice and how to obtain a copy of this notice. The Privacy Notice explains participants’ rights and the Plan’s legal duties with respect to protected health information (PHI) and how the plan may use and disclose PHI.

Mothers’ and Newborns’ Act Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and insurers may not, under federal law, require that a provider obtain authorization from the plan or issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Medicare Information Attention Members who are Medicare eligible or who have Medicare eligible dependents—(or those who will soon be eligible). Coordination of benefits between the group plan and Medicare Parts A & B depends on specific criteria and reason for election of Medicare. Please contact the FAES Insurance Team for more information in regards to these criteria and how the coordination of benefits would be determined.

Uniformed Services Employment and Reemployment Rights Act (USERRA) Health Insurance Protection if you leave your job to perform military service, you have the right to elect to continue your existing employer-based health plan coverage for you and your dependents for up to 24 months while in the military. Even if you don’t elect to continue coverage during your military service, you have the right to be reinstated in your employer’s health plan when you are reemployed, generally without any waiting periods or exclusions except for service-connected illnesses or injuries.

Women’s Health and Cancer Rights Act of 1998 If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women’s Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient for:

- *All stages or reconstruction of the breast on which the mastectomy was performed;*
- *Surgery and reconstruction of the other breast to produce a symmetrical appearance;*
- *Prostheses; and*
- *Treatment of physical complications of the mastectomy, including lymphedemas.*

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under the plan.

Medicare Part D Notice

Important Notice from the employer about Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage and your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium. The employer has determined that the prescription drug coverage offered by the plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan? You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. If you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide To Join A Medicare Drug Plan? If you decide to join a Medicare drug plan, your group coverage will not be affected. You and your dependents can keep this coverage if part D is elected and the plan will coordinate with Part D. See pages 7- 9 of the CMS Disclosure of Creditable Coverage To Medicare Part D Eligible Individuals Guidance (available at <http://www.cms.hhs.gov/CreditableCoverage/>), which outlines the prescription drug plan provisions/options that Medicare eligible individuals may have available to them when they become eligible for Medicare Part D. If you do decide to join a Medicare drug plan and drop your current coverage, be aware that you and your dependents will be able to get this coverage back but you/they may have to wait until the next open enrollment plan.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan? You should also know that if you drop or lose your current group coverage and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information about This Notice or Your Current Prescription Drug Coverage. Contact your HR Manager for further information. It is always best to discuss your personal situation with a Medicare expert when you are considering your options. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this group coverage changes. You also may request a copy of this notice at any time. More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage: Visit www.medicare.gov or call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048. If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1- 800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

New Health Insurance Marketplace Coverage Options

PART A: General Information

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop shopping” to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2015 for coverage starting as early as January 1, 2016.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the “minimum value” standard set by the Affordable Care Act, you may be eligible for a tax credit.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution – as well as your employee contribution to employer-offered coverage – is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact your HR department. The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

Part B: Information about Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

<u>Employer Name</u>	<u>Employer Identification Number (EIN)</u>	
<u>Employer Address</u>	<u>Employer Phone Number</u>	
<u>City</u>	<u>State</u>	<u>Zip Code</u>
<u>Who can we contact about employee health coverage at this job?</u>		
<u>Phone number (if different from above)</u>	<u>Email Address</u>	

- Eligible members regularly scheduled to work more than 30 hours each week.
- Dependent coverage - eligible dependents are spouses and children (biological, adopted and step-children)
- Coverage meets minimum value standards, and the cost of this coverage to you is intended to be affordable, based on employee wages.

*** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount. ****

If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process. Above is the employer information you'll enter when you visit HealthCare.gov to find out if you can get a tax credit to lower your monthly premiums.
