

**FAES Open Enrollment  
2019-2020 Plan Year  
AETNA Signature Administrators-PPO  
Effective November 1, 2019**

Since 1959 the Foundation for Advanced Education in the Sciences (FAES) has been working to support the professional and educational mission of the National Institutes of Health. This support has included a health insurance program for select members of the NIH community over the past several decades. We have made many changes over the years with the end goal of ensuring a robust and sustainable plan.

We are pleased to announce that FAES will once again be offering the AETNA Signature Administrators PPO for the 2019-20 plan year. If your status is not changing, your membership will automatically renew on November 1, 2019.

**FAES will be hosting daily orientations beginning September 9th through September 20th from 3 pm to 4pm in the FAES conference room (1N241A, Building 10).**

**Please attend one of these sessions to learn of any upcoming changes in the plan design.**

If you have recently moved, please remember to email us your new mailing address.

Please send all inquiries to [faesinsurance@mail.nih.gov](mailto:faesinsurance@mail.nih.gov).

Thank you,  
The FAES Insurance Team
